We understand that plans change, but Birch Creek uses camper payments to prepare for the summer program, including hiring and paying staff, making non-refundable leases on vehicles and other transportation, preparing facilities, and many other costs associated with BCSR's budget and operations. Most expenses are determined months in advance on a total summer or session basis, rather than on a per person basis. As a result, this cancellation policy reflects our best estimate of the actual costs Birch Creek will incur in the event of camper cancellation before a session begins. Thank you for your understanding.
